POETRY

14. Poetry 180: a turning back to poetry – Billy Collins, editor

~Remember, it never hurts to reread a book you loved years ago, or even as a child. Quite often, rereading a favorite will allow you to catch nuances and meanings you didn't see the first time around. I have books I've read five or six times, and counting. And while some people cannot see the point in reading something twice, think of it as revisiting a garden you love, or that one vacation spot you go to year after year. The best things are always worth revisiting!
