February 2018

Dear Library Friend,

I am writing to ask for your support of the Hingham Public Library's Annual Fund. Last November, you should have received a letter inviting you to contribute to the 2017-2018 campaign.

Your support for the library's extensive services, balanced collections, cultural programs and performances is an essential contribution to an indispensable community resource.

Whether you take advantage of the library's great collection, computer resources, reference materials, audio visual department, children's and young adult rooms, or all of the above, you know first-hand how responsive, dedicated, and helpful our staff is.

Please consider making a tax-deductible contribution this year, in whatever amount you can, knowing that we will be deeply grateful for your help. If you have already contributed, we sincerely thank you for your generous support.

If you would like to donate directly online please visit our website, hinghamlibrary.org, and click on the **Donate** button located along the top or bottom of your screen.

Again, we extend our deepest thanks to you for your support of this great community treasure.

Sincerely,

David J. Mehegan
Chairman, Board of Trustees
